

# Speedarama Demolition Derby Rules

1. Any American made car or station wagon is allowed, except for Hearses and Chrysler Imperials.
2. All glass, molding, and flammable materials must be removed.
3. Original gas tank must be removed.
4. No trailer hitches or frame bracing is allowed.
5. No reinforcements. This means no additional metal added to the car anywhere except for the door, hood, and trunk seams. No frame plating, no double skin body panels.
6. No tires larger than 15". Solid tires or multi-ply tires are okay. No flats make for a better show.
7. Valve stem protectors are allowed.
8. Flat tires on a paved track are cause for disqualification.
9. May remove fan.
10. Rear end may be locked.
11. May move battery, but if inside must be covered.
12. Air shocks are okay.
13. Transmission coolers are allowed but if inside they must be covered.
14. You must have some working brakes.
15. Driver's seat may be braced. Box cage around driver attached to inner body. You may put concrete in the driver's door only.
16. Fenders may be trimmed and motors chained.
17. Bumpers may be welded to frame.
18. Bumpers must be wired or chained to frame or body (not both), to stop you from running over them.
19. All doors, hood, and trunks must be wired, chained, or welded shut. If any door on your car comes open you will be disqualified. 2" x 10ga. 1/8" flat steel max on welded door seams.
20. You must have a 10" inspection hole in hood and trunk.
21. Suspension – Front and rear suspension must remain stock.
22. Four bolts (1" maximum diameter) allowed in hood, 1/2" x 6" max washers. May replace four OEM body mounts with 3/4" max bolts.
23. All floorboard plugs must be removed.
24. A car may have the engine, rear end, and transmission swapped, i.e., Chevrolet in Chrysler, Chrysler in Ford, etc.
25. Alteration of a drive shaft is allowed.
26. No truck rear ends allowed.
27. Alteration of a steering column is allowed to prevent loss of steering.
28. Frame may be re-welded on factory seams only. Factory holes in frame may not be welded or covered up.
29. Radiators must remain in stock position.
30. Any gas line or tranny line that is inside the car must be made of metal tubing.
31. Any car having its stock bumper replaced will be replaced with an OEM automobile bumper only.
32. No raising or lowering of vehicles. Cars must remain in stock position and must be within a few inches of factory specs.
33. Only stock car springs allowed.
34. Center of steering wheels must be padded; driver's door padding is recommended.
35. No passenger allowed in car. NO EXCEPTIONS.
36. Transmission burp tube is required.
37. Cars must be numbered on both sides and roof at least 16" tall. Numbers must be legible.
38. Please keep all sponsorships, signage, and decals on vehicles clean. No vulgarity allowed. This is a family sport.

## Note:

**Registration:** \$35 pre-register or \$50 day of race  
You will still have to buy a pit pass: \$25 per person (track rules)
